

# 10 FACTS ABOUT VIRUSES AND COVID-19

## Mainstream-sourced where possible

1. The virus said to cause COVID-19 has never been isolated and proven to exist. *No virus ever has*. See an MD's *scientific* presentation here: <https://bit.ly/2XMPPr8c>. See the book *Virus Mania* by two medical experts for more on how viruses have been presumed to cause disease: <https://bit.ly/3aejL0w>
2. In 2011 a German virologist named Stefan Lanka offered a 100,000-euro award to anyone who could prove the existence of the measles virus. No one could. <https://bit.ly/3fjG1k3>. Read Lanka's explanation of how viruses are presumed to exist: <https://bit.ly/3gKyPp1>
3. Hospitals all over the world were empty at height of the "pandemic" despite TV reports to the contrary. Citizens all over the world reported empty hospitals, including in NYC, on Twitter at #filmyourhospital. Brooklyn's hospitals did not have lines outside! Those who went out saw this. <https://bit.ly/3iyTcWV>
4. Field hospitals all over the US closed, virtually *unused*, at a cost of \$660 million. From NPR: <https://n.pr/2CFOVBB> Navy ships docked at NYC and LA also remained empty, despite TV reports of overflowing hospitals, and left essentially *unused*. From NY Times: <https://nyti.ms/3ahleTC>
5. The CDC's instructions for COVID PCR test state: "• Detection of viral RNA may not indicate the presence of infectious virus or that 2019-nCoV is the causative agent for clinical symptoms. • This test cannot rule out diseases caused by other bacterial or viral pathogens." <https://bit.ly/2ORJDpb> Test inventor/Nobel Prize winner Kary Mullis, who died in August 2019, said the tests could not be used to test for viral infection. <https://bit.ly/2PENPJe>
6. Despite reports of overflowing hospitals, hospital workers were laid off en masse and 42 major hospital systems have shut down completely. How do hospitals shut down amid the world's worst pandemic ever? <https://bit.ly/3adNB5i>. CBS was caught using Italian footage of a busy ER, *saying it was in NYC* ... then used the same footage again for Philly. <https://bit.ly/3gOTwQQ>
7. Dr. Deborah Birx of the COVID Task Force said, "We've taken a very liberal approach to mortality", meaning those who died "with" SARS-CoV-2 allegedly in their system were labeled as dying "of" COVID *even if they died of other, chronic or unrelated illness*. Deaths from heart attacks, dementia, car and motorcycle accidents have been counted as COVID deaths. "Probable" cases were also counted as cases *without testing* based on generic cold symptoms. From Real Clear Politics: <https://bit.ly/2CWEB8f>
8. Doctors and nurses have reported that they were issued official guidance to diagnose cause of death as COVID, *even if it was not the cause of death*. Here are two: Minnesota State Sen. and Dr. Scott Jensen (now under investigation by his state medical board) (<https://fxn.ws/2ZTEqUb>) and Montana's Dr. Annie Bukacek (<https://bit.ly/3agdvoX>). Jensen reported that hospitals have received \$13,000 per COVID patient, and \$39,000 per COVID patient put on a ventilator from DHHS, headed by a former Eli Lilly executive.
9. Flu and pneumonia deaths dropped off nearly completely as COVID cases rose. (CDC: <https://bit.ly/2XQByWz>) Even so, COVID fatality rates in California, Florida, Pennsylvania, New York and Texas are still only 0.0255%, 0.0368%, 0.057%, 0.12% and .028%, respectively (official state websites). The percentage of the U.S. population said to have died from COVID is 0.045%.
10. Lockdown deaths are *greater* than COVID deaths. Over 600 doctors signed a letter to President Trump in June, calling lockdowns a "Mass Casualty Incident" worse than COVID, citing a 600% increase in suicide hotline calls. *Forbes*: <https://bit.ly/3jry3z0> CDC Director Robert Redfield admitted: "We're seeing, sadly, far greater suicides now than we are deaths from Covid... far greater deaths from drug overdose, that are above excess, than we had as background, than we are seeing deaths from Covid." Mainstream media did not report this. <https://bit.ly/3fHgAja>

BONUS: President Trump has said there are plans to send the U.S. military door to door to vaccinate everyone at *gunpoint* ("Operation Warp Speed") for this alleged disease with no symptoms other than generic cold/flu symptoms and from which 0.045% of the U.S. population is alleged to have died. *Fight for vaccine choice at [MakeAmericansFreeAgain.com](http://MakeAmericansFreeAgain.com).*
